UM-600-BCL

Auto Border-Closing Machine

The United UM-600-BCL border closer efficiently closes borders in one simple pass. Equipped with the VTE - variable top feed which eliminates material shifting.

PTP Parts - 1 Year Guarantee

This machine comes with our patented PTP "Black" parts that we guarantee to not wear out in your machine for 1 year.

Patented PTP technology is a special surface treatment patented by Jumpsource for metal components, allowing fast-moving parts and components to achieve exceptional strength, durability, and increasing life.

SPECIFICATIONS	UM-600-BCL
Stitch type	chainstitch
Max sewing speed (rpm)	4000
Recommended sewing speed (rpm)	3500
Needle type	B27
Needle size	22
Needle height	15mm
Presser foot height	14mm
Stitches per inch	4-6
Chain cutter	yes
Motor type	servo needle positioner
Max thickness capacity	up to ½" (12.7mm)
Voltage	220
Yield	10 sec op/average
Current (amps)	5
Air pressure (psi)	80
Air consumption (cfm)	0.1
Footprint	34" x 20" (0.86m x 0.5m)

The UM-600-BCL is equipped with United VTF - variable top feed to eliminate border material shifting. Matches both ends of border material in one pass with no material shifting.

- One pass operation
- Direct drive motor
- Photo sensor foot lift and activation of sew cycle
- Deskills border-closing operation
- Automatic thread trim for standard or FR threads
- Electronic foot lift and needle positioning

Sourcing Unlimited's two companies, United Mattress Machinery and Jumpsourc, are industry leaders in producing the highest quality of machinery and aftermarket parts.
